CONSULTING & MANAGEMENT

INSIDE CONSUL TING MANAG EMENT

"Inside Consulting and Management" is a consulting firm specialized in clothing industry.

Inside's core business is business analysis, selection and management of the sales network for

Italian and foreign brands. Inside offers a range of consulting services with top managers

professional profiles from the commercial, legal and financial field.

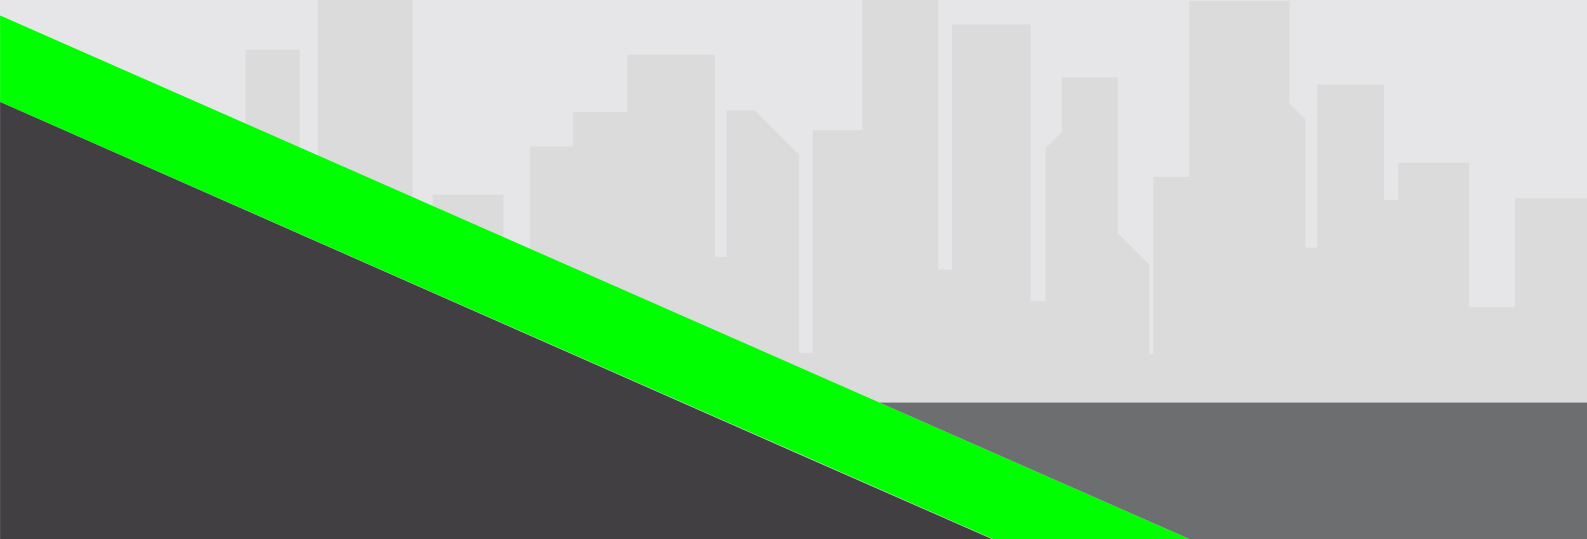

Our reality comes from a thirty years experience in fashion field and a constant study of the marketplace.

Only a thorough knowledge of market can lead successful strategies.

Inside's goal is to provide proper tools to success, beginning from a detailed business analysis / planning.

Business planning is essential for a proper growth in a dynamic and constantly changing marketplace. The budget drafting, analysis in costs and revenues' deviations and its report are helpful tools To provide and correct business trends.

MISSION

VISION

We take care of national and international brands' positioning in the demanding market of Italian fashion, which activity allows us to deal with innovative management methods.

We do our job with passion and dedication and with problem solving skills in order to
Overcome any obstacle professionally.

The comparison with the latest in management field is the stimulus to absorb and reinvent timeless systems.

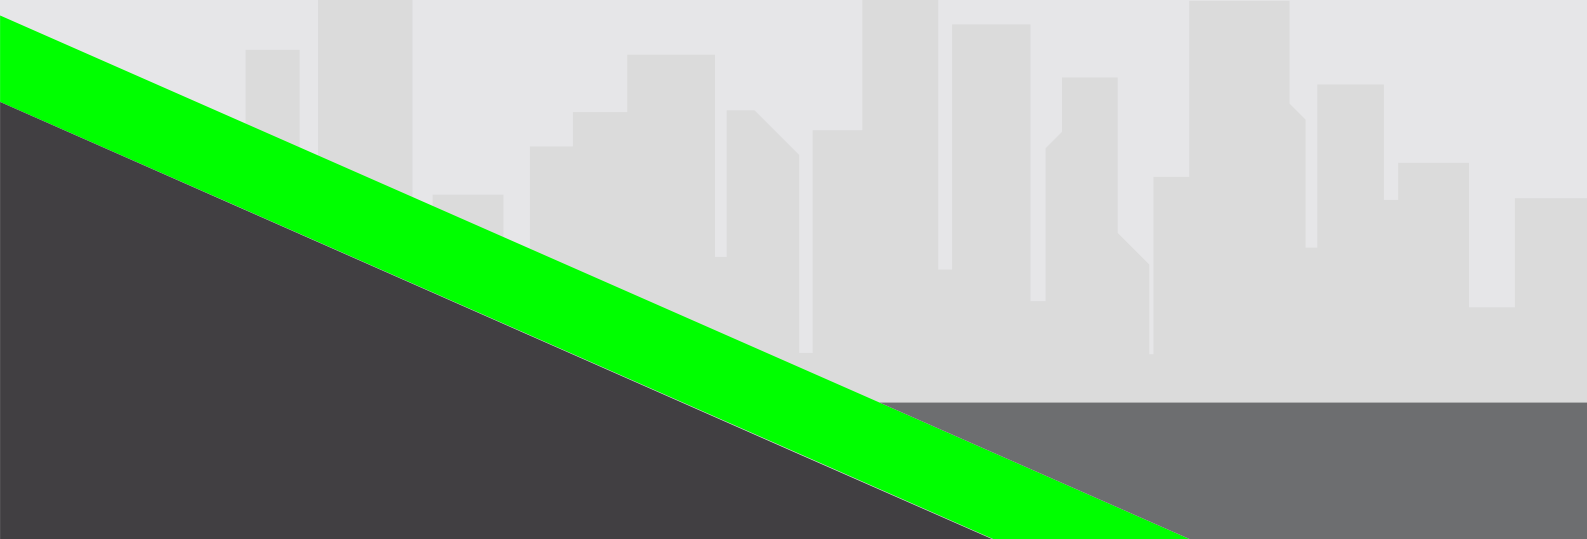

Thanks to the partnership with prominent professionals, from financial to legal field,

Inside offers several services:

- **Administrative**, tax and financial services
- **Legal services**
- **Productive services** with active production platforms in Italy and abroad
- **Commercial services**
